

The background of the advertisement is a close-up photograph of a truck's suspension system. It features a black metal frame, a bright green hydraulic line, and a black air line connected to a black control valve. The valve has several brass fittings and a small black lever. The overall scene is industrial and technical.

# Link® 1500 Series

## Height Control Valve

FITS ALL TRUCK MAKES • UNIVERSAL MOUNTING

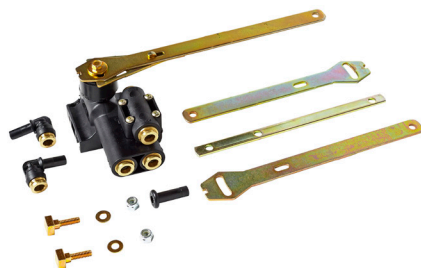

## Offers Plumbing & Mounting Flexibility

Link's 1500 series is designed specifically to meet the needs of the tractor, trailer and transit industries. The 1500 series mechanical height control valve offers flexibility in mounting, plumbing and lever attachments. The valve is compact and lightweight with a modular design. With pressure actuation, zero pressure and non-dump configurations, drivers and fleets can ensure that they have the ideal suspension control system for their applications.

Each system is equipped with standard PTC fittings and a supply port check valve. The alignment notch can be rotated 180° to get the proper fill-exhaust directions for lever travel. With universal mounting and multiple available lever orientations, the 1500 series is the most versatile height control valve for the transport industry.

- Compact Lightweight Design
- Adjustable lever to fine tune ride height
- Multiple mounting configurations
- Multiple lever orientations
- Metric fittings available

### H01500UN **NON-DUMP VALVE**

#### ALL MAKES - TRUCK & TRAILER APPLICATIONS

- 3/8" PTC fittings in supply & suspension

#### KIT INCLUDES

- 4 different size lever options
- (1) 3/8" 90 degree stem fitting
- Mounting bolts
- Instruction sheet

### H01501UD **PRESSURE DUMP VALVE**

#### TRUCK & TRAILER APPLICATIONS

- 3/8" PTC fittings in supply & suspension
- 1/4" Pilot Port

#### KIT INCLUDES

- 4 different size lever options
- (1) 1/4" 90 degree stem fitting
- (1) 3/8" 90 degree stem fitting
- (1) 3/8" plug
- Mounting bolts
- Air line to convert the H01501UD to a non-dump valve
- Instruction sheet

### H01501AM **PRESSURE DUMP VALVE**

#### ALL MAKES - TRUCK APPLICATIONS

- 3/8" PTC fittings in supply & suspension
- 1/4" Pilot Port

#### KIT INCLUDES

- 4 different size lever options
- (1) 1/4" 90 degree stem fitting
- (1) 3/8" 90 degree stem fitting
- (1) 3/8" plug
- (2) 3/8" to 1/4" 90 degree stem fittings
- Mounting bolts
- Instruction sheet

### H01502UNC **ZERO PRESSURE DUMP VALVE**

#### ALL MAKES - TRUCK & TRAILER APPLICATIONS

- 3/8" PTC fittings in supply, suspension and pilot port

#### KIT INCLUDES

- 4 different size lever options
- (1) 1/4" 90 degree stem fitting
- (1) 3/8" plug
- Mounting bolts
- Instruction sheet
